- Product weight: 629 lbs.

Tie Down Safety manufactures the best-in-class mobile fall protection systems. Contractors often need safety solutions that offer versatility without added difficulties. The revolutionary Penetrator X5 Penetrator Pro mobile ships ready to use and safely protects up to seven workers at a time. Weighing less than 630 lbs., the PX5 Pro provides fall arrest safety for 5 workers and an additional 2 workers in restraint, all at same time. In addition, a useful toolbox is provided to keep your gear protected and ready to go. When it's time to relocate, our premium non flat tires allow for quick relocation so our customers can resume their work without sacrificing productivity. This lightweight device is reusable after it has been engaged. The durable Tie Down cart holds tear-off debris, decking materials, and other roofing materials when not in use. Tie Down Safety maintains high standards and quality controls using quality raw materials and component parts made in the USA.

Not Recommended for Use On: Metal Deck less than 22 ga. Or over 20 ga. (Structural Deck), Loose laid material not part of a complete finished system, Ice, Snow, Tectum Deck, Concrete.
